Information about the Service

Internet Plan Description – Our NBN™ Internet Service will utilise nbnCo™ infrastructure (FTTP, FTTB, FTN, FTTC or HFC) fibre broadband to improve the way you connect with others. It is designed to provide everyone with high-speed internet access.

Included features This NBN Internet only service includes the following monthly benefits:

- No Excess quota usage charges
- 10 email addresses
- Awesome Speed
- Email protection
- Personal Web Space
- Awesome Local Customer Service

Availability & System Requirements – Coverage extends to a growing number of areas across Australia. You can determine your availability using our service qualification tool at www.esc.net.au/nbn

Equipment needs – You need an approved compatible router to use this service. You may choose to bring your own (BYO) or we recommend that you purchase one of our approved pre-configured router/modems for an additional fee of \$149(including \$20 postage fee). FTTP/FTTH, FTTC and HFC – an eWAN Wifi Router is recommended for Wi-Fi coverage. FTN and FTB – VDSL2 Modem Router is required for the service to work. Any cabling that is required in your premises beyond the Network Boundary Point is your responsibility.

Is this a Bundle Service? - This is an internet only plan, you can bundle with one the NBN Phone Saver Plans to provide you with a complete telecommunications service. Visit our website to view these awesome plans www.esc.net.au/nbn and the CIS information that will apply to the bundled service.
